WL-FA5200AT New Generation Auto Transfer Laminator

Technical Parameters

Model	WL-FA5200AT
Material Transferring Method	Automatic
Platen Size	420x520mm
Daylight	7 heating & 7 cooling/10 heating&10 cooling
Temp. Range & Precision	0—200°C ±2°C
Pressure Range & Precision	0—16Mpa ±0.1Mpa
Heating Medium	Electric Heating
Cooling Medium	Water
Output	Approx. 10000-15000 cards per hour
Power	380V,50-60HZ,28KW/45KW
Machine Dimension	2610(L)×W1060(W)× H1950(H) mm
Gross Weight	3000KGS
Loader System	Optional & Customized, for Easy Feeding & Easy Discharging
